

POLICY AND REGULATORY FRAMEWORK FOR CMEGs: Nigeria Experience

By

Engr. A. Adebisi, FNSE

Director, Renewable and Rural Power Access
Federal Ministry of Power, Works and Housing
Abuja. Nigeria.

28th March, 2017

Generation and Distribution Permits and Licenses Concession

- CEMG of 1MW or below generation capacity or below 100kW distribution capacity, no license required;
- Therefore, to ensure standard, regulatory framework that will give permit has been developed by NERC

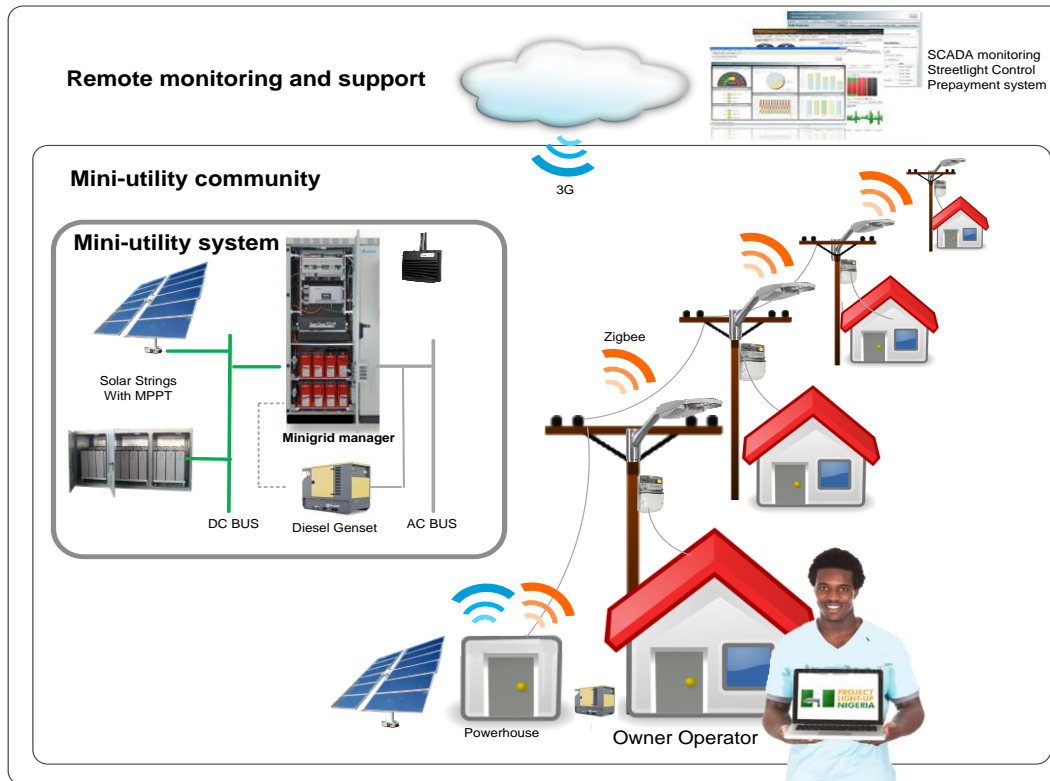

Concessioning Contracts and Scheme

- In line with ICRC policy, 6 SHPs with a total capacity of 17.3MW are being procured for concessioning through open bidding.

Power Purchase Agreements

- PPAs were recently signed with 14 solar power producers to produce 1,125MW
- Subsequent PPAs will be through competitive open bidding.

Renewable Energy Micro-Utility (REMU)

- EASY BUYING
- SECURE
- STANDARDS-BASED
- FAIR
- RELIABLE 24/7/365
- POWER & MORE
- EXPANDABLE
- REPLICABLE
- PROFITABLE
- GRID-READY
